

EC Type Examination Certificate

Equipment and protective systems intended for use in potentially explosive atmospheres –
Directive 94/9/EC

ATEX 1 xxx Gas Detector for explosion-proof installation in Zone 1
ATEX 2 xxx Gas Detector for explosion-proof installation in Zone 2
xxx= depending on type of gas, sensor element mounted

The above listed products conform to EU EMC directive (89/336/EEC) and revisions and comply with

Harmonised Standards

EN 50270:2015 Electrical apparatus for detection and measurement of combustible gases, toxic gases or oxygen

EN 61010-1:2010 Safety requirements for electrical equipment for
+Cor.2011 measurement, control and laboratory use.

EN 50402:2014-03 Electrical apparatus for detection and measurement of combustible gases, toxic gases, oxygen or vapours or of oxygen.
Requirements on the functional safety of fixed gas detection systems.
Full development process for hard- and software is designed according safety requirements SIL2 - low demand.

EN 60079:29-1 Explosive atmospheres – Part 29-1:
: 2011-10 Gas Detectors – Performance requirements of detectors for flammable gases

Test Report No. CE_PX2_Ex_1512

Automatikprodukter i Askim AB declare that the products listed above conform, when installed and operated in accordance with current relevant installation and operational standards and practices together with any additional information contained in the datasheet and/or manual, to above standards

Date of issue: 2ndth Dec. 2015
